ORDINARY RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

*Inland Letters.**

1. The rates of postage when prepaid are as follows:—

For a letter not above 1 oz.	-	-	1d.
“ above 1 oz. but not above 2 oz.	1½d.		
“ “ 2 oz.		4 oz.	2d.
“ “ 4 oz.		6 oz.	2½d.
“ “ 6 oz.		8 oz.	3d.
“ “ 8 oz.		10 oz.	3½d.
“ “ 10 oz.		12 oz.	4d.

and so on at the rate of ½d. for every additional 2 oz.

2. A letter posted unpaid is chargeable on delivery with double postage; if insufficiently prepaid, with double the deficiency.

3. No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from a government office.

Inland Newspapers.

1. Any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Unregistered, a newspaper is liable to the book rate of postage.

2. The conditions are as follows:—

1st. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

2nd. It must be printed and published in the

United Kingdom, and in numbers at intervals of not more than seven days.

3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date at the top of every subsequent page; and this regulation applies to “Tables of Contents” and “Indices.”

4th. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. It must in every case be published with the newspaper, and must have the title and date printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

3. Registration for inland circulation includes registration for transmission abroad.

4. A packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz. or part of that weight.

5. A newspaper posted unpaid, or a packet of newspapers posted either unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

6. The postage must be prepaid, and for each transmission a fresh postage is required.

7. A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection,* otherwise it will be treated as a letter.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

8. The title of every newspaper must be exposed to view.

9. A newspaper, or packet of newspapers, which contains any enclosure except supplements, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet.

10. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, is charged as an unpaid or insufficiently paid letter.

11. No packet of newspapers may be above 14 lbs. in weight, 2 feet in length, 1 foot in width, or 1 in depth.

Inland Book Post.

1. The postage is one halfpenny for every 2 oz. or part of 2 oz. If unpaid it is charged double; and if posted partially prepaid, with double the deficiency.

2. A book-packet may contain any number of separate books or other publications, photographs (when not on glass, or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.

Circulars—i.e., letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or greater part of which is produced by means of ordinary type, engraving, lithography, or any other mechanical process—may also be sent by book post.

3. But a book-packet may not contain any letter, or communication of the nature of a letter* (whether separate or otherwise), unless it be a circular letter; nor any enclosure sealed or in any way closed against inspection; nor any other enclosure not allowed by Rule 2. If this Rule be infringed, the entire packet is charged as a letter.†

4. A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; ‡ otherwise it is treated as a letter. It may, however, be tied at the ends with string.

5. No Book-packet may be above 5 lbs. in weight,

* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through, their office.

‡ In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus "From of

nor above 1 ft. 6 in. in length, 9 in. in width, or 6 in. in depth, unless it be sent to or from one of the Government Offices.

6. When, owing to a great and unusual influx or letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch, or delivery.

Inland Post Cards.

1. Official Post Cards impressed with a Halfpenny stamp—double or reply Post Cards impressed with a halfpenny stamp on each portion of them—and private Cards embossed at the Office of Inland Revenue with halfpenny stamps—may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

2. The front (or stamped) side is for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it or the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d. on delivery.

3. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

The conditions on which private cards are impressed with a halfpenny stamp can be ascertained at the Office of Inland Revenue.

It will be seen from the foregoing rules, that there is no legal way of sending a letter, other than a circular letter, through the post for a postage of a halfpenny, except by means of a post card.

It must not be supposed that, because a post card, which is open to inspection, may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be open to inspection, may be sent through the post with a letter written or printed upon it for a postage of a halfpenny.

It is well, therefore, to explain for the guidance of the public—

1. That the letter-rate of postage must be prepaid for any communication of the nature of a letter, whether it be placed in a closed envelope or in an open cover, unless a post card be used for the purpose, or unless the letter be a "circular letter."

2. That cards having merely a halfpenny adhesive stamp affixed to them must not bear any communication of the nature of a letter, unless it be a "circular letter."

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on post cards.

INLAND PARCELS POST.

Parcels are accepted at all Post Offices for transmission by the Inland Parcels Post under the following general conditions in regard to weights, dimensions, and rates of postage, viz. :—

Weights and Postage.—The rate of postage, to be prepaid in ordinary postage stamps, will be—for an Inland Postal Parcel of a weight of—

Not exceeding 1 lb.,	-	-	-	3d.
Exceeding 1 lb., and not exceeding 3 lbs.,	-	-	-	6d.
“ 3 lbs.,	“	5 lbs.,	-	9d.
“ 5 lbs.,	“	7 lbs.,	-	1s.

Dimensions.—The dimensions allowed for an Inland Postal Parcel will be—Maximum length, 3 feet 6 inches; maximum length and girth combined, 6 feet.

Examples.—A parcel measuring 3 feet 6 inches in its longest dimension may measure as much as 2 feet 6 inches in girth, i.e., around its thickest part; or—a shorter parcel may be thicker; e.g. if measuring no more than 3 feet in length, it may measure as much as 3 feet in girth, i.e. around its thickest part.

Despatch.—Parcels are accepted, at Head Office, for despatch to London until 9 a.m., 6.30 p.m., and 8 p.m.; for all England, at 6.30 p.m. and 8 p.m.; for York and Hull, 5 p.m.; for Manchester and London, 9.30 p.m.; for all Ireland, 8 p.m.; for Ireland (South and West), 1 p.m.; for Scotland generally, 30 minutes before closing of letter box.

Delivery.—Parcels for the city (including Hillhead, Partick, and Pollokshields) are delivered at 7.0 a.m., 9.0 a.m. (Central Districts only), 10.45 a.m., 2.15 p.m., 5.30 p.m., and 7.30 p.m.

Posting.—Parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter, and a parcel should not be left until the weight, size, and postage have been tested by the clerk at the counter. Care must be taken that every parcel bears a clear address. If a packet bearing the words “Parcel Post,” or otherwise clearly marked as intended for transmission as a parcel, is not posted in accordance with this regulation, it is treated as a letter or book packet, if it is fully prepaid at the rate proper to either, and is otherwise in accordance with the letter or book post regulations. If such a packet is not fully prepaid at the letter or book post rate, it will be treated as a parcel, and will be charged on delivery with a fine of 8d., together with the deficient postage, if any, at the parcel post rate. The address of a parcel must be clearly written, either on the outer wrapper or on a separate address label securely fastened to the parcel; and the necessary stamp or stamps, to prepay the postage, must in all cases be placed (as in the case of letters) close above the address. In London and a few of the larger towns the Department undertakes the collection from firms or private persons of parcels intended to be sent by Parcel Post, when the number to be collected amounts to as many as 10 at a time, or 50 a week. Full particulars may be obtained on application.

Certificates of Posting.—At the Chief Post Office forms of certificates lie on the public counters, and anyone bringing a parcel to post may fill up one of these forms with the name and address of the person to whom the parcel is directed, when it will be the duty of the officer in attendance to stamp the form with the office stamp. This certificate, it must be clearly understood, does not indicate that any liability attaches to the Postmaster-

General in the event of loss or damage. A list of parcels, when more than one parcel is brought by the same person, may be prepared beforehand or at the counter by the person posting the parcels, and presented to be similarly stamped with the office stamp. This will obviate the necessity in such cases of filling up a separate form in respect to each parcel.

Parcels addressed to the Channel Islands (Jersey, Guernsey, Alderney, Sark, and the adjacent inhabited islets) are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other portions of the United Kingdom; but as the Channel Islands, in relation to the customs laws of the United Kingdom, are subject to the same restrictions as foreign countries, such parcels are liable to customs examination at the port of arrival, and the sender is required to make a declaration of contents upon a special form provided for the purpose at the office where the parcel may be posted. Goods intended to be warehoused in the Channel Islands, or on which it is intended to claim “drawback” of duty on subsequent exportation from the Channel Islands, are not accepted for transmission by Parcels Post.

Parcels for the Isle of Man are treated in all respects in the same way as parcels for places in the United Kingdom generally. They are liable to examination by the officers of customs; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents.

Re-direction.—On receipt of a properly-signed authority, a parcel may be re-directed under the following regulations:—

If the re-direction be from one place to another within the same delivery, the parcel, not having been delivered, and being re-directed by an officer of the department, is liable to no charge for re-direction; but if re-directed by any person other than an officer of the department, or to an address in another delivery, it is liable to additional postage at the full prepaid rate for each re-direction. If it has not been delivered and is re-directed by an officer of the department, prepayment for re-direction is not compulsory, but a parcel which has been delivered as addressed is not accepted for re-transmission unless the postage for re-direction be prepaid.

A request for the re-direction of letters is not held to include the re-direction of parcels, for which it is necessary to hand in a separate instruction.

Returned Parcels.—In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

If a parcel which cannot be delivered bears on the cover the name and address of the sender, a printed notice is sent to him by post, informing him that the parcel (if not claimed in the meantime by the addressee) will be given up to him or to any person whom he may direct to call for it, or will be returned to him by post.

If the parcel is called for by the sender or his agent, or if it is returned to him by post, it is liable to a charge of 1d. for each day or part of a day after the expiration of two clear days following that on which the notice has been sent.

If the sender elects to have the parcel sent back to him by post, he must return the printed notice, with stamps sufficient to cover new postage at the full rate, and also to cover any other charges to which

the parcel may be liable, including the charge of 1d. a day described above. The parcel is then forwarded to him prepaid by stamps affixed thereon.

If no reply is received within six days after the date of the notice, or if the Postmaster has reason to believe that application is made for the parcel by a person who is neither the sender nor the addressee nor duly authorized by either, or if the sender fails to pay the charges due on the parcel, the parcel is sent to the Returned Letter Office.

If a parcel which cannot be delivered does not bear on the cover the name and address of the sender, it is sent to the Returned Letter Office, where it is opened and examined.

If upon such examination the name and address of the sender are ascertained, a printed notice such as is described above is sent to him, and the parcel is treated in the same manner as a parcel upon the cover of which the name and address of the sender appears.

If the name and address of the sender cannot be ascertained from the examination of the parcel, the name of the addressee of such parcel and the Post Office at which it was posted are entered on a list, which is exhibited in a conspicuous position at the Returned Letter Office of the District for inspection by the public.

Personal applications for parcels entered on such lists are entertained for three months from the date of entry, after which the parcels are finally disposed of.

Prohibited Articles.—The regulations under which certain articles are prohibited from transmission by the Letter Post will—with a few exceptions—apply equally to the Parcels Post. For instance, Gunpowder, Lucifer Matches, anything liable to sudden combustion, bladders containing liquid, and Live Animals, will be excluded from the Parcels Post. But Glass Bottles, Fish, Game, Meat, and all other articles not above mentioned, now excluded from the Letter Post, will be accepted to go by Parcels Post conditionally upon their being packed and guarded in so secure a manner as to afford complete protection to the contents of the mails and to the officers of the Post Office.

Packing of Parcels.—The public will greatly assist the work of the Post Office, and help towards the safe delivery of parcels, by taking care that they are in all cases strongly and securely packed, especially those with fragile or perishable contents. It must be borne in mind, although, of course, every care will be taken by the officers, that such a parcel must be several times handled before it reaches its destination, and will probably have to be packed with many others of a different kind and shape, or more weighty and bulky. It should not, therefore, be made up in paper of poor quality or loosely tied round with twine. Cardboard boxes and unprotected band-boxes are especially liable to damage. Parcels containing Scissors, Needles, Knives and Forks, or other Sharp Instruments, will not be accepted unless packed so as to prevent them from doing injury. Liquids, or semi-liquids, will not be accepted unless in bottles or cans securely stoppered, and bottles will be accepted only when so packed as to be secure from breakage. Powders must be so packed that they cannot escape. Parcels, the contents of which emit a strong odour, such as Fish, Game, Camphor, Pepper, Coffee, &c., must be packed with particular care, in order to guard against their causing damage to the Parcels Mails.

Addresses.—It is very desirable that parcels should be fully addressed, and that the name of the sender should also appear, in case it may be found that the parcel cannot be delivered.

Sunday.—As parcels are not delivered on Sunday, fish, game, and other perishable articles should be posted in time for a delivery on Saturday.

Not to be given back to the Sender.—The rule forbidding that a letter should be handed back to the sender applies equally to a parcel.

Bankrupts' Parcels.—The Post Office rules which apply to bankrupts' letters apply equally to bankrupts' parcels.

EXCEPTIONAL RATES OF POSTAGE.

Addresses to the Queen and Petitions to Parliament.

1. Petitions and addresses to the Queen, forwarded direct or through a member of either House of Parliament, are exempt from postage. Petitions to members of either House so addressed are also exempt, provided they do not exceed 2 lbs. in weight, and, if in covers, are in open covers. There must be no inclosure; any inclosure, unless it bear the proper number of postage stamps, will be charged as a letter.

2. There is no restriction as to the size of these petitions or addresses.

Parliamentary Proceedings.

Printed Votes or Proceedings of the Imperial Parliament, in open covers, having the words "Parliamentary Proceedings" written or printed thereon, may be sent within the United Kingdom and to the Colonies and those Foreign States to which there is a Book Post, at the book rate of postage; the prepayment, as regards inland packets, being optional. The limits as to size and weight are not applicable to Parliamentary Proceedings.

REGULATIONS AS TO PREPAYMENT, REGISTRATION, &c.

Modes of prepayment.

The prepayment of Inland letters, newspapers, and book packets can only be effected by means of postage stamps—except that at the Chief Office, Glasgow, *inland letters and book packets* may be prepaid in money, provided the amount paid be never less than £5, and the letters and book packets be tied in bundles representing a postage of 5s. each, with the addresses arranged in the same direction. The prepayment, however, cannot be made partly in money and partly with stamps.

Registration.

1. The fee for registering a letter, newspaper, book-packet, or other article, passing through the post between any two places in the United Kingdom is twopence.

2. No article addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

3. Every article presented for registration must be enclosed in a strong cover, securely fastened. If the article contains money it must, in order to gain the benefit of the guarantee described at par. 9, be enclosed in a registered letter envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

4. Registered articles must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

5. Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it, and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into the letter box it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d., instead of the ordinary fee of 2d.

6. At all Post Offices the latest time for posting registered articles on payment of the ordinary fee is shown on the notice exhibited in the Post Office window. Usually this time is fixed at half an hour before the closing of the Letter Box; but at the Head Office articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered until the letter-box is closed, except for the English Limited Mail, for which they must be posted before 5 p.m., or on payment of a late fee of 4d. until 5.15 p.m. For the special mail they must be posted before 6 p.m., and on payment of a late fee up to 6.15 p.m.

7. When several letters are sent by the same person for registration they should be accompanied with a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and the Department.

8. The registration of articles makes their transmission much more secure, inasmuch as they can be traced through their whole course; thus the loss of a registered article is a rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered* valuable articles are exposed to risk, and offer a temptation which ought not to be afforded.

Inland letters or packets which contain coin, watches, or jewellery, *if posted without registration*, are treated as *registered*, and charged on delivery with a *registration fee* of eightpence in addition to the ordinary postage; and any such letters or packets which cannot be registered in time to be forwarded by the Mail for which they are posted, are detained for the next despatch.

9. By law the Postmaster General is not responsible for the safe delivery of registered articles, but henceforth he will be prepared to make good the contents of a registered article lost while passing through the Post to the extent of £2 in certain cases, provided that the sender duly observed all the conditions of registration required; that the article was securely enclosed in a reasonably strong cover; and, if it contained money, that it was enclosed in one of the registered letter envelopes sold by the Post Office for the purpose; that application was made to the secretary of the Post Office immediately the loss was discovered. (When the complaint is that the contents of a letter or packet have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained). That the Postmaster General, whose decision shall be

final, is satisfied that the loss occurred while the article was in the custody of the British Post Office, and was not caused by any fault on the part of the sender. [The word "loss" here does not include damage to an article which in fact reaches its destination, or destruction by fire or shipwreck, or by the dishonesty or negligence of any person not in the employment of the Post Office.]

[N.B.—The several postal administrations of the countries belonging to the Postal Union undertake to pay an indemnity of fifty francs in the event of its being proved to their satisfaction that a registered letter itself has been lost whilst in their custody, but no question of compensation is entertained by them for, or in respect of, the loss of the enclosure of any such letter.]

10. No town postman is allowed to take a letter to be registered; but rural postmen will take letters for registration on their outward and inward walks, whenever it is practicable for them to do so.

Re-direction.

1. Every inland re-directed letter, post-card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, or Sub-Office, or rural walk, and the re-direction be made by an Officer of the Post Office.

Exception.—No charge for re-direction is made on Government letters. (See also par. 6.)

2. An inland registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary letter.

3. If an inland registered letter, when re-directed, instead of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word "registered" not having been erased, or having been erased in pencil only), it becomes liable to the same treatment as any other letter which is marked "registered" and found in the letter box, and must be surcharged with a registration fee of eightpence, minus the value of any stamps already affixed for the registration.

4. Notices of removal, and applications for letters to be re-directed must, in all cases, be duly signed by the persons to whom the letters are addressed, and in provincial towns they must be sent to the local Postmaster. Printed forms of notice can be obtained at the Head Office on application. A separate notice should be filled up if it is desired that parcels may be re-directed.

5. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited.

6. Letters addressed to non-commissioned officers, schoolmasters in the army, schoolmistresses in the army, private soldiers, and seamen in the navy, re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad (when the removal is on service), provided the original postage is prepaid and the letters do not exceed half an ounce in weight, will be delivered to them without any charge for re-direction.

Delivery.

1. Postmen are prohibited from distributing any letters, newspapers, &c., except such as have passed through a Post Office.

2. No person living within an official delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by postman or a despatch by messenger is about to take place; but letters which arrive by a mail after which there is no immediate delivery by postman, may be obtained by any person on application at the office window, so long as the office is open for delivery.

3. When letters directed to a Post Office for persons who reside within a free delivery from such office, but who have no private box, arrive by a mail for which there is a delivery from house to house, a Postmaster may refuse to deliver them at the window, and may send them out by the postmen, except such as are addressed to the military in barracks.

4. Any person can have a private box who is willing to pay the appointed fee. The fee goes to the revenue, and is at the rate of £3 per annum, payable in advance. Special arrangements are made for locked bags to and from the renters of private boxes and the Post Office.

A RETURNED LETTER OFFICE is established in Glasgow, and all undeliverable letters addressed to Glasgow and its sub-offices are disposed of there.

On reaching the Returned Letter Office a letter originating in the United Kingdom is at once opened, and if found to contain the writer's address is returned to him. If it does not contain either the writer's address or an article of value the letter is destroyed. Any letter or packet which on being opened is found to contain value is, for its safety, recorded and returned registered and, unless registered at the time of posting, the registration fee of 2d. is charged on the sender. Letters bearing the sender's name and address impressed or printed on the envelopes are returned unopened.

After being retained for periods varying from one week to two months, foreign and colonial letters are, with few exceptions, returned unopened to the countries from which they were received.

Stamps (Postage and Inland Revenue).

At every Money Order Office the Postmaster is required to keep for sale to the public a sufficient stock of the different postage stamps in use; envelopes with an embossed penny postage stamp; registered letter envelopes; newspaper wrappers with an impressed halfpenny and penny postage stamps; and inland and foreign post cards.

At Post Offices, which are not Money Order Offices, sub-postmasters are required to keep $\frac{3}{4}$ d. and 1d. stamps, post cards, and registered letter envelopes only; but they are bound, on application, to procure postage stamps of other values, embossed postage envelopes, and newspaper wrappers.

Impressed Bill Stamps of the respective values of 1d., 2d., 3d., 6d., 9d., and 1s., are for sale at the Chief Office, Branches, &c.

Dog and Gun Licenses are issued at all Money Order Offices.

Every rural messenger is authorized to sell penny postage stamps and registered letter envelopes, or (if he have no stamps in his possession) he must receive the postage in money, and on his arrival at the Post Office affix stamps carefully to the letters.

Payment of postage cannot be made by means of imperfect postage stamps; or of embossed or impressed stamps cut out from the envelopes, cards, wrappers, or telegraph message forms (even although the stamps have not been before used or sent by post). Applications for allowance on spoilt postage stamps, embossed envelopes, post cards, or newspaper wrappers, which have not passed through the post, should be made to the Distributor of Stamps, Inland Revenue. Such applications, however, can only be entertained if the stamps or other articles have been spoilt or become useless within the period of six months preceding the date of application. In the case of envelopes, cards, or wrappers, the applications must be accompanied by these articles intact; as no allowance can be granted on the embossed or impressed stamps if cut therefrom

Postage Stamps purchased from the Public.

All postmasters in the United Kingdom at whose offices money order business is transacted, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not

soiled or otherwise damaged), at a charge of $2\frac{1}{2}$ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

				The full price minus
For stamps not exceeding 1s. 8d. in value,				$\frac{1}{2}$ d.
Above 1s. 8d., and not exceeding 3s. 4d.,				1d.
" 3s. 4d.,	"	"	5s.	$1\frac{1}{2}$ d.
" 5s.,	"	"	6s. 8d.,	2d.
" 6s. 8d.,	"	"	8s. 4d.,	$2\frac{1}{2}$ d.

and so on.

To prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, single stamps cannot be purchased. They must in all cases be presented in strips of not less than two.

In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the Department has recommended that the initials of firms, &c., be perforated through the stamps by means of a machine devised for the purpose, and Postmasters have been instructed not to purchase such stamps. The perforation of the stamps on post cards, newspaper wrappers, and embossed envelopes with initials is also not objected to.

Paper taken by the public to the Inland Revenue Office can be impressed with postage stamps under conditions which may be learnt on application at that office.

Articles not allowed to be sent by Post.

1. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

2. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or to do bodily harm to any officer of the Post Office.

The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, vegetable, or anything of a greasy or oily nature; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, forks, or other sharp instruments are also forbidden.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

1. The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered). Nor is it responsible for any injury which a packet may sustain in its transmission.

2. Postal packets which are likely to suffer from

great pressure should be placed in strong covers. No fragile article should be sent by post at all.

3. No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public. A Postmaster, may, however, give an address if he has no reason to believe that the person whose address it is would disapprove of his doing so.

4. Provision having been made, by means of the Post Office Guide, and the Glasgow Local Guide, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to the officers of the department. For any error in a reply to a *verbal* application the Department does not hold itself responsible.

5. Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination, according to the address, even though a request to such effect be written thereon.

6. Postmasters are not bound to give change, nor are they authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

7. Postmasters are not bound to weigh any letters or other packets for the public, but they *may* do so if their duty be not thereby impeded.

8. If a letter be forwarded under cover to any Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at ———, under cover to the Postmaster of ———."

9. Every address should be legible and complete. When a letter is sent to a Post Town the last word in the address should be the name of that town, except when the town is but little known, or when there are two Post Towns of the same name, or when the name of the town is identical with or very like the name of some foreign town or country. In such cases the name of the County should be added. Thus, the last part of the address of a letter to Newport in Monmouthshire should be—

"Newport,
Monmouthshire."

10. When a letter is sent to a place where there is only a Sub-office, the name of the Head Office should be given. Letters posted in one part of the United Kingdom and intended for another (as, for example, letters posted in Scotland and intended for England) should have the name of the Country to which they are sent added to the address, unless the letters be intended for either London, Glasgow, Edinburgh, Dublin, or other very large towns, when such addition is unnecessary.

11. The number, too, of the house should appear; its omission being a cause of delay in the sorting; and tending to retard the general delivery. In the case of letters for places abroad, the name of the *country* as well as the town should be given in full, and should be the last word in the address. Attention to this latter precaution will often assist in deciphering the name of a town, and prevent the letter from being mis-sent when there are towns of

the same name in different countries. For example: a letter intended for London in Western Canada, but simply addressed "London, W.C.," would be forwarded to the Western Central District of the Metropolis in England.

12. Letters for well-known firms and persons in Glasgow are sometimes addressed "Glasgow" only; but this practice often causes delay in their delivery. Letters for strangers or for persons whose address is not known at the Chief Office, simply addressed "Glasgow" (and not "Post Office," or "Poste Restante, Glasgow,") are not delivered from the *Poste Restante*, but are sent to the Returned Letter Office.

13. A letter addressed to a Post Office to be called for is retained one month; and if not called for by the end of that time, is sent to the Returned Letter Office to be sent back to the writer. But if the letter be addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port, it is kept two months.

14. Letters or parcels addressed to initials or to fictitious names at Provincial Post Offices are not taken in, but are at once sent to the Returned Letter Office.

15. All letters addressed to club houses, hotels, and other places where letters are received to be called for, should be returned to the Post Office as soon as it has become evident that they will not be called for.

16. Every letter should contain the full address of the writer, in order to ensure its return if undelivered.

17. To facilitate the delivery of letters, a letter-box should be affixed to every house-door.

18. Much trouble is saved to the office if circulars, before being posted, are tied in bundles with all the addresses in one direction. Correspondence posted early in the day not only obtains in many cases the advantage of an earlier delivery, but frequently avoids the risk of delay from irregularity in the working of the trains.

19. Any person who, on receiving a surcharged letter, has reason to think that it has been wrongly taxed, should take it, before it has been opened, to the Post Office to be weighed, and if it then appear that it does not turn the scale, should have its exact weight certified in writing. This will in most cases be sufficient evidence that the letter has been erroneously charged; though sometimes, owing to the paper being damp when it is posted, a packet weighs more than when it is delivered; and it is the weight at the time of posting that determines the charge.

20. When complaint is made of a letter or other postal packet being lost, mis-sent, or delayed, information, as precise as possible, regarding all the facts of the case should be furnished, together with any documents that may throw light upon the matter. The day and hour at which the letter, &c., was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps.

21. Neither money nor any other article of considerable value ought ever to be sent through the post, except by means of a money or postal order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

22. Whenever Bank Notes are sent by post, even in registered letters, they should be cut in halves, and the second halves should not be posted till it has been ascertained that the first halves have been received; and further, in order to afford the means of identification, a memorandum should always be made of the number of each bank note.

23. Except where the Surveyor may deem a longer interval necessary, late letters,* &c., are received till within five minutes of the despatch of the mail; although no office is kept open merely for this purpose after 10 o'clock at night.

24. No late letters, &c. (except Government letters) are forwarded by the mail preparing for despatch unless prepaid, and that by stamps, including both the ordinary postage and the late letter fee. The late fee payable upon Post Cards is the same as upon letters. In the case of letters directed to any department of Government, it is sufficient to prepay the fee.

25. Letter boxes for the receipt of late letters bearing the extra stamp of $\frac{1}{2}$ d. are affixed to all Mail trains in which travelling post offices or sorting carriages are run.

26. *Sunday*.—During the time the office is open on Sunday the public are allowed to purchase postage stamps and to have letters registered (*viz.*) from eight to nine in the morning; but no Money Order, Savings Bank, Insurance, or Annuity business is transacted on Sunday.

27. At no provincial town in England or Ireland is there more than one delivery on Sunday, Christmas Day, or Good Friday; nor in Scotland on Sunday or the Sacramental Fast Days.

Penalties for sending Letters otherwise than through the Post.

29. Any person conveying (otherwise than by the Post) a letter not exempted from the exclusive privilege of the postmaster-general incurs, by law, a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also is liable to a penalty of £5 for every letter.

30. *Exceptions*.—The exclusive privilege of the postmaster-general is confined strictly to letters, and does not therefore extend to newspapers, books, or money; any of which may be legally conveyed by other means. The following kinds of letters also need not be sent through the post:—

1st. Letters sent by a private friend, to be delivered by such friend to the person to whom they shall be directed.

2nd. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

3rd. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

4th. Letters of merchants, owners of vessels of merchandise, or of the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

* "Late Letters" are such as are posted after the ordinary time, and cannot be sent forward by the mail then in preparation, unless extra payment be made.

5th. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

31. No person, however, is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

32. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

1st. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack horses; and owners, drivers, or guards of stage coaches.

2nd. Owners, masters, or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within Her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

3rd. Passengers or other persons on board any such ships, vessels, steam-boats, passage or packet boat.

4th. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other Her Majesty's dominions.

FOREIGN AND COLONIAL MAILS.

Foreign and Colonial Letters.

1. The rates of postage on letters for foreign countries and the colonies will be found in the Table of Foreign and Colonial Postage.

2. Prepayment is compulsory in those cases where the letter "c" is prefixed to the rates of postage; in all other cases it is optional. In some countries (*a*) an additional postage (which cannot be prepaid) is charged on delivery.

3. Letters posted unpaid, or insufficiently paid for, to any country where prepayment is compulsory, are returned to the writers.

4. Letters posted unpaid, or insufficiently paid, for Australia, New Zealand, Cape Colony, or Natal, are charged 6d. each in addition to the deficient postage; and those for St. Helena are charged double the amount of the deficient postage.

5. Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

6. The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places.

7. *Dimensions*.—See Page 14.

8. *Routes*.—Letters not specially directed to go by a particular route are forwarded by the first mail despatched. [For the approximate time occupied in course of post from London to certain of the more important places of the world, see the page following the table of Foreign postages.]

9. Letters, &c., for Brazil, Uruguay, the Argentine Republic, and Chili (also for Peru and Bolivia, if specially addressed), posted in time for despatch from London by the Day Mail of Saturday, will in due course overtake at Bordeaux the Packet despatched from Liverpool on the previous Wednesday.

10. The addresses of letters for Russia should be very plainly written; the name of the town, and of the province in which it is situated, should also be added in English, French, or German.

Foreign and Colonial Newspapers.

1. The rates of postage, which must be prepaid, to foreign countries and the colonies on newspapers registered for transmission abroad will be found in the Table of Foreign and Colonial Postage.

2. The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of *thirty-one days*. Moreover, prices current and market reports (but not private price lists or trade catalogues) may be registered as newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

3. All publications registered for transmission abroad must be posted *within eight days from the day of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

4. The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

5. Newspaper, whether posted in covers or without covers, must not be fastened so as to prevent easy withdrawal for examination.

6. Every newspaper must be so folded as to admit of the title being readily inspected.

7. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

8. There must be no writing or other marks on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the *printed* name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

9. No packet of newspapers may exceed two feet in length or one foot in width or depth. The limit of weight, which is not the same to all countries, is stated in the heading of the Table of Colonial and Foreign Postage.

Foreign and Colonial Book Post.

1. Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

1st. Commercial Papers, under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of, or extracts from Deeds under private seal (and whether written or printed on stamped or unstamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of manuscript Music, the manuscript of Books and other literary works, and other papers of a similar description.

2nd. Printed Papers, including periodical works, books (stitched or bound), pamphlets, sheets of music

(printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithographing, or any other mechanical process easy to recognise, except the copying press, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to the same rates of postage, except that when addressed to countries in the Postal Union, the initial rate for commercial papers is higher than that for printed papers. If there be any mixture of the two in the same packet the whole packet is treated as commercial papers.

2. A book packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover open at both ends, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string, postmasters being authorized to cut the string in such cases, although, if they do so, they must again tie up the packet.

3. *Dimensions.*—The limit of size for a packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth. For limit of weight see heading of the Table of Foreign and Colonial Postage.

4. *Rates of Postage.*—The rates of Postage, which must be prepaid on packets to places abroad, are given in the Table of Foreign and Colonial Postage.

All books and printed matter imported into the United States are subject to a duty of 25 per cent.

The undermentioned articles are still exempt from Customs duty:—1st. Newspapers and periodicals; 2nd. Photographs and printed papers, other than books, in such small quantities as to suggest that they are intended for personal use and not for sale.

Foreign and Colonial Pattern and Sample Post.

1. There is a Pattern and Sample Post to foreign countries and the colonies generally; but it is restricted to *bona fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

2. No article liable to Custom duties can be sent as a sample or pattern.

3. The rates of postage, which must be prepaid, will be found in the Tables of Foreign Postage.

4. Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination.* But samples

* In order to secure the return of Pattern Packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From _____ of _____."

FOREIGN AND COLONIAL POSTAGE.

Showing the Rates chargeable in the United Kingdom upon LETTERS, NEWSPAPERS, &c., addressed to Places abroad and forwarded by Mail Packet. Prepayment of all classes of correspondence must be effected by means of stamps. Letters not specially directed by a particular route will be sent by the first Mail despatched, except in the cases otherwise noted. No packet of Printed Matter or Commercial Papers for transmission abroad may exceed 2 feet in length or 1 foot in width or depth, and the extreme limit weight is 4 lbs. for a single packet for Countries in the Postal Union, and 5 lbs. for other Countries, with the exception that for Fiji, New South Wales, and Queensland the limit is 3 lbs. Pattern and Sample packets for places in the Postal Union must not exceed 8 inches in length, 4 inches in width, 2 inches in depth, or 8 ounces in weight, except those for Belgium, France, Greece, Luxembourg, Portugal, Switzerland via France, the Argentine Republic, and the United States, the limits for which are 1 foot in length, 8 inches in width, 4 inches in depth, and 12 ounces in weight. For non-Union Countries the limits are the same as for Printed Matter. Any number of Newspapers may be sent as a Book Packet, but if sent as Newspapers the specified rate must be paid for each Paper, whether one or several be enclosed in the same cover. For List of Countries which are comprised in the Postal Union see page 25.

(Continued from page 13.)

of seeds, drugs, and such like articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened.

5. A sample packet for a country in the Postal Union may have enclosed in it any of the articles designated as "Commercial Papers" if the rate applicable to Commercial Papers be paid for the whole packet. There must be no writing or printing upon or in any sample packet for non Union countries, except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

6. Samples of saleable value must not be sent to any foreign country, or to any of the British Possessions which are comprised in the Postal Union. Samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, or isinglass, are considered to fall under this rule if they weigh more than three ounces.

7. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad. Liquids, glass, anything of a greasy nature, explosives, indigo, and powders of all kinds are absolutely prohibited.

8. The limit of weight is not the same to all countries. For particulars, see heading of the Table of Foreign and Colonial Postage.

9. A packet of patterns or samples sent to any place comprised in the Postal Union (except Belgium, France, Greece, Luxemburg, Portugal, Switzerland via France, and the United States), must not exceed 8 inches in length, 4 inches in width, or 2 inches in depth. The limit to Belgium, France, Greece, Luxemburg, Portugal, Switzerland via France, or the United States is 12 inches in length, 8 inches in width, and 4 inches in depth. The size of a packet for a non-Union country or colony is limited to 24 inches in length and 12 inches in width or depth.

Foreign Post Cards.

Post Cards for abroad may be sent to all the countries comprised in the Postal Union.

Post Cards for abroad with impressed stamps of 1d., 1½d., and 2d. each are sold at those rates, and are transmissible to all the countries of the Union without extra charge, but reference should be made to column E of the Tables of Foreign and Colonial Postage for the particular rate to each country.

Reply Post Cards for certain places abroad are also issued with impressed stamps of 2d., 3d., and 4d. respectively; for list of countries to which they can be forwarded see end of Table of Foreign and Colonial Postage.

The regulations relating to Inland Post Cards apply also to Cards posted for places abroad, except that the latter, when these regulations are infringed, are not forwarded.

Letters for Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service.

1. Non-commissioned officers, schoolmasters, schoolmistresses, private soldiers, seamen, writers

in Her Majesty's Army or Navy, whether serving on sea or land, in a British Possession or Foreign Country, as also enrolled pensioners in Canada, the Cape Mounted Rifles, and the Cape Field Artillery, or the Cape Infantry Regiment, can send and receive letters not exceeding the weight of half an ounce for a postage of 1d.; but if any such letters have to pass through a foreign country they are subject, in addition, to the foreign postage, whatever that may be. Thus the postage to the under-mentioned countries (including the British charge of one penny) is as follows:—

To or from—	s.	d.
Australia,* Ceylon,* Hong Kong,* India,* &c., <i>via Brindisi</i>	0	2
Mauritius, <i>by French Packet</i>	0	3
Chili, Peru, or any other place in the South Pacific, <i>via Southampton and Panama</i>	0	2

2. The Person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer or warrant officer in the army, or assistant engineer, gunner, boatswain, or carpenter in the navy; the privilege not extending to these officers.

3. If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable. If posted abroad, prepayment is not compulsory, but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage that may be due.

4. The name of the soldier or seaman, with his class or description, must appear in the direction; and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:—

C.D., Captain (or other Commanding Officer),
H.M.S. _____

C.D., Colonel (or other Commanding Officer),

(Here the direction to be finished.)

5. If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained and returned to the writer for payment of the postage.

* The Postage to these countries, if posted in time to leave London on Thursday morning, is 1d. only.

Letters, &c, by Private Ships.

1. Letters intended to be sent by a private ship must be addressed "By Private Ship," and if by a particular vessel the name of the ship must be added. The postage of a letter by a Private Ship is as follows:—

Country.	For a prepaid letter.	Fine on letters not wholly prepaid.
	Per $\frac{1}{2}$ oz.	
*Ascension, . . .	6d.	...
*Australia, . . .	6d.	...

Countries comprised in the Postal Union, except Ceylon, Hong Kong, India, Straits Settlements, . . .	Same as } by Mail } Packet. }	...
*All other Countries, . .	6d.	...

2. Letters cannot be sent unpaid to the Countries marked thus (*). The postage for letters weighing more than $\frac{1}{2}$ oz. advances in the same manner as that for letters sent by mail packets.

3. Book Packets and Packets of Patterns may be sent by Private Ship for the same postage as by Mail Packets.

4. Newspapers by Private Ships must be prepaid d. each per 4 ozs.

Letters for Passengers on Board Mail Packets.

1. Letters for passengers on board the packets for America touching at Queenstown, or on board the Mediterranean packets about to sail from Brindisi with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received. They must be registered, and the postage and registration fee must be fully prepaid, and they must be addressed to the care of the Commander of the packet.

2. Letters for passengers on board the Canadian packets touching at Londonderry, may, under similar conditions, be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the Mails.

3. The letters should be addressed thus: "Mr. —, on board the mail packet for —, at Queenstown [Londonderry or Brindisi], care of the officer in charge of the mails," or "care of the commander of the packet;" as the case may be.

4. Letters directed *Post Restante*, Suez, and despatched by the mail "via Brindisi," will probably reach passengers for India, &c., who have sailed in the packet which left Gravesend the previous week.

Registration.

1. The fee chargeable for registration to places abroad will be found in the column headed "Registration fee" in the Table of Foreign and Colonial Postage. To some countries, as shown in that Table, an

article can be registered only to the port of arrival; it being left, in those cases, to the postal authorities of the country to which that port belongs to continue the registration or not as they may think proper. To a few countries, as also shown in the Table, there is no arrangement whatever for registration.

2. Registration is applicable equally to letters, newspapers, book-packets, and patterns addressed to places abroad, except in the cases specially mentioned in the tables of Colonial and Foreign postage.

3. The sender of a registered article addressed to any Foreign Country or British Colony in the Postal Union may obtain an acknowledgment of its due receipt by the addressee on paying a fee of $2\frac{1}{2}$ d., as well as the registration fee, in advance at the time of registration.

4. No article addressed to initials or to a fictitious name can be registered. The prohibition, however, does not extend to articles addressed to the care of a person or firm.

5. Every article presented for registration must be enclosed in a strong envelope, securely fastened.

6. It is prohibited to send to a country of the Postal Union any registered article marked on the outside with the declared value of the contents; and Postmasters must therefore refuse to receive articles which are so marked.

7. Registered articles must be prepaid as regards both postage and registration fee.

8. Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter box.

9. As it is prohibited to send coin, jewellery, precious or dutiable articles through the post to countries of the Postal Union, no letters or packets addressed to those countries and containing any such articles can be accepted for registration. This regulation, however, does not apply to Malta or Gibraltar.

10. Letters or packets containing coin for any of the British Colonies not in the Postal Union can be registered, and if they are posted without being registered, they are treated in the same manner as inland letters under similar circumstances.

Prohibited articles besides those mentioned at page 10.—In all countries of the Postal Union—coin, jewellery, precious and dutiable articles. Special additions in Italy and United States of America—anything relating to foreign lotteries. In the Cape of Good Hope and Queensland—jewellery and precious articles, if dutiable, are liable to detention until the duty is paid. In Spain and Victoria—jewellery, being dutiable, is liable to confiscation.

Re-direction.

1. Letters, &c., sent to or received from a country of the Postal Union, and afterwards re-directed to any place in the United Kingdom, or to another country within the Union, are not liable to any additional charge, nor, if registered, to an additional fee for registration; such, however, as have been in the first instance addressed to a place in the country where they were posted, are chargeable on re-direction with the same postage, less the sum prepaid, which would have been charged had they been addressed in the first instance to the place of their ultimate delivery, but, if registered, without additional fee.

2. Letters, &c., addressed from one part of the

United Kingdom to another, and then re-directed to a country not in the Postal Union, are liable to an additional Foreign or Colonial rate, and, if registered, to an additional fee for registration.

3. Letters, &c., received here from a country not in the Postal Union, and re-directed to another country not in the Postal Union, are liable to an additional Foreign or Colonial rate, and, if registered, to an additional fee: if re-directed to some place within the United Kingdom, they are liable to an additional inland rate; and, if re-directed to any country of the Postal Union, they are liable to the rate of that country. In the two latter cases letters, if registered, are not liable to any additional fee.

4. Letters, &c., received from any country of the Postal Union, and re-directed to a country not in the Postal Union, are liable to an additional Foreign or Colonial rate, and, if registered, to an additional fee.

5. Letters posted for commissioned officers in the army or navy on actual service are delivered without any charge for re-direction. The regulations respecting similar letters for non-commissioned officers and private soldiers and seamen will be found at page 8, par. 6.

6. No charge for re-direction is made on newspapers from any place abroad unless they have been opened, in which case they are liable to postage as books.

For Foreign and Colonial Parcel Post, see following page.

Parcel Post to India, Ceylon, and the Straits Settlements.

Arrangements have been made between the Peninsular and Oriental Steam Navigation Company and the Post Office Departments of India, Ceylon, and the Straits Settlements for the transmission between the United Kingdom and India (including Aden, Ceylon, British Burmah, and the Straits Settlements) of Parcels up to 50 lbs. in weight. For particulars, apply at any Post Office, or to Mr. A. M. Bethune, 122 Leadenhall Street, London, E.C.

MONEY ORDERS.

1. When applying for Money Orders, whether Inland, Foreign, or Colonial, the public should use the prepared printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

2. *Commission.*—The commission on Inland Money Orders is:—

For sums under 10s.,	-	-	-	2d.
Of 10s. and under £2,	-	-	-	3d.
" £2,	"	3,	-	4d.
" 3,	"	4,	-	5d.
" 4,	"	5,	-	6d.
" 5,	"	6,	-	7d.
" 6,	"	7,	-	8d.
" 7,	"	8,	-	9d.
" 8,	"	9,	-	10d.
" 9,	"	10,	-	11d.
£10 Orders,	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required.*—The applicant must furnish in full the surname and at least the initial of one Christian name, both of the remitter and the payee, and the remitter's address. In the case of Foreign Orders the full address of the payee must be given;

and if the order be payable to a native in British India the tribe or caste, and the father's name, must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct, at the time of issue, that the order be crossed like a cheque, thus & Co., and thus be made payable only through a Bank, in which case it is left to his option to give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted, provided the order be crossed for presentation for payment through a bank.

5. The holder of an Inland Money Order may direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted.

6. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed only at the Head Office.

7. An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying Postmaster according to the directions in paragraph 15 of these regulations.

8. Money Orders do not require a receipt stamp.

9. When an Order is paid through a bank it is sufficient that it be receipted, without regard to any discrepancy between the signature and the name in the advice, and that it be crossed with the name of the bank, and presented by some person known to be in the employment of that bank.

10. Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

11. No application can be entertained for compensation for alleged injury from the non-payment of Money Order at the expected time.

12. After once paying a Money Order, by whomsoever presented, the Office is not liable to an further claim.

13. To guard against fraud the remitter is recommended:—

1st. When he is well known to the payee, to sign the letter enclosing the order with his initials only.

2nd. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank by crossing it like an ordinary cheque.

3rd. When it is not considered expedient to adopt any of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

14. Payment of an order cannot be demanded on the same day as that on which the order was issued.

15. In case of the miscarriage or loss of an inland Money Order in transmission through the post, a duplicate will be granted, free of charge, on a written application (with the necessary particulars) being forwarded to the Controller of the Money Order Office in England, Scotland, or Ireland, according to the country in which the original order was issued. Should an Order be lost by the remitter or payee an additional commission, which should be forwarded in postage stamps together with the application for a duplicate order, will be charged. This additional commission, for duplicate of an order not exceeding £5, will be 1s.; above £5 and not exceeding £10, 2s. If it be desired to stop payment of an inland order, application must be made at the office where the order is payable, and a second commission must be paid. If alteration in the name of the payee or remitter of an inland Money Order should be required, application, accompanied by the payment of a second commission, must be made by the remitter to the Postmaster of the office at which the order was issued. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable; who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant and imposed on the officer in fault.

16. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused, in consequence of the reply to the question respecting the remitter, or the signature on the order not corresponding with the entries on the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

17. No Postman or other Servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

18. Money Orders are issued in the United Kingdom on the following foreign countries, British agencies, possessions, and colonies, at the rates of commission shown below:—Foreign Countries—Austria, Belgium, Denmark, Danish West Indies, Dutch East Indian Possessions, Egypt, France, German Empire, Hawaii, Holland, Hungary, Italy, Iceland, Japan, North Borneo (Sandakam), Norway, Portugal, Sweden, Switzerland, United States. British Agencies—Gibraltar, Constantinople, Smyrna, Panama. British Possessions and Colonies—Belize, Bermuda, British Columbia, British Guiana, Cape of Good Hope, Canada, Ceylon, Cyprus, Falkland Islands, Gambia, Gold Coast, Heligoland, Hong Kong (with agencies at Shanghai, Amoy, Canton, Foochow, Hankow, Hoihow, Swatow, and Ningpo), India (including agencies at Aden, Bagdad, Bunder Abbas, Bushire, Busrah, Guadur, Jask, Linga, Muscat, and Zanzibar), Lagos, Malta, Mauritius, Natal,

New Brunswick, Newfoundland, New South Wales, New Zealand, Nova Scotia, Prince Edward Island, Queensland, St. Helena, Seychelle Islands, Sierra Leone, South Australia, Straits Settlements, Tasmania, Victoria, West Indies, Western Australia, for sums not exceeding £2, 6d.; £5, 1s.; £7, 1s. 6d.; £10, 2s.

19. In the case of Austria, Denmark, Danish West Indies, Iceland, Egypt, Germany, Heligoland, Holland, Hungary, Dutch East Indies, Norway, Portugal, Sweden, Switzerland, and India, the original Order, issued in this country, should be retained by the remitter; a new Order in the currency of the country of payment being issued by the Chief Office of that country, and sent to the payee.

In the case of Belgium, France, Hawaii, Italy, North Borneo, the United States, Canada, and the British possessions and colonies generally, with the exception of India, the Order issued in this country should be sent to the payee by the remitter.

In like manner, the Orders issued in Austria, Belgium, Denmark, Danish West Indies, Iceland, Egypt, Germany and Heligoland, Holland, Hungary, Dutch East Indies, Italy, Norway, Portugal, Sweden, Switzerland, and India, are of no value in this country and should, therefore, be retained by the remitters.

20. The issue of a duplicate Order, or the stoppage of payment of an Order issued by a Colony or Foreign Country on the United Kingdom, will be made on application to the Controller of the Chief Money Order Office, London, provided an additional commission be enclosed as follows:—1. For duplicates of Orders, not exceeding £5, 1s.; above £5, and not exceeding £10, 2s. 2. For stoppage of payment an additional commission at the ordinary Inland Rates. Postmasters in the United Kingdom have power to transfer to other Offices in the United Kingdom payment of colonial and foreign orders originally drawn on their own offices.

21. Orders issued in the United Kingdom on Austria, Belgium, Denmark, Danish West Indies, Hungary, Italy, France, Japan, Portugal, Sweden, United States, Switzerland, Holland, the Dutch East Indian Possessions, Norway, Egypt, Hawaii, and the British possessions and colonies, are payable for twelve months after the month of issue. Orders issued in the United Kingdom on the German Empire and India, are subject to the regulations which govern the payment of money orders in those countries.

22. Orders issued in the United Kingdom on the Island of Heligoland are subject to the same rules as those issued in the United Kingdom upon the German Empire.

23. Amounts of Money orders, issued in the United Kingdom on India, are paid in rupees, annas, and pies; the rupee being the standard of value in India. As, however, the value of the rupee is subject to constant variation, no tables of conversion can be given.

Money orders drawn in India on the United Kingdom are issued in the currency of India, and the equivalent in sterling is calculated by the Post Office at Bombay at the rate of exchange current in India at the date of preparing the advice list for despatch to London.

POSTAL ORDERS.

1. Postal Orders, for certain fixed sums from 1s. up to £1, are now issued to the public at all Money

Order Offices in the United Kingdom, and at Malta, Gibraltar, and Constantinople.

2. The following are the amounts for which Postal Orders are issued, together with the Poundage payable in respect of each Order:—

Amount of Order.		Poundage.	Amount of Order.		Poundage.
s.	d.	d.	s.	d.	d.
1	0	$\frac{1}{2}$	4	6	1
1	6	$\frac{1}{2}$	5	0	1
2	0	1	7	6	1
2	6	1	10	0	1
3	0	1	10	6	1
3	6	1	15	0	$1\frac{1}{2}$
4	0	1	20	0	$1\frac{1}{2}$

Broken amounts may be made up by the use of Postage Stamps not exceeding fivepence in value affixed to the back of any one Postal Order.

3. The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done.

4. Every person to whom a Postal Order is issued should keep a record of the number, date, and name of office of issue to facilitate enquiry if the order should be lost.

5. If a Postal Order be crossed "_____ & Co." payment will only be made through a Banker, and if the name of a Banker is added, payment will only be made through that Banker.

6. A Postal Order presented by, or through, a Banker for payment will not (in the absence of an express arrangement between such Banker and the Postmaster-General to the contrary) be paid until after such Order has been examined at the Chief Office in London.

7. After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

8. If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

9. The regulations under which Postal Orders are issued allow the Postmaster to delay or refuse the payment of an Order, but he must at once report his reasons for so doing to the Postmaster-General. He may also require the person presenting the Order to sign his name on the Order before its payment, although the receipt has been already signed.

10. After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a Commission equal to the amount of the original poundage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period.

11. The Commission thus paid must be affixed in Postage Stamps to the face of the Order.

12. No postman, or other servant of the Post Office, is bound to procure a Postal Order for any

person, or to obtain payment for one; but such services are not forbidden.

13. After the closing of the Money Order Office, Postal Orders may be obtained at the stamp counter, Head Office, George Square, until 10 p.m. on week days.

POST OFFICE SAVINGS BANKS.

1. Post Office Savings Banks are established at all Money Order Offices in the United Kingdom, and are open for the receipt and payment of money and for the transaction of Government Stock business daily during the hours appointed for Money Order business.

2. At these Banks deposits of one shilling, or any number of shillings, will be received, subject to the limits of £30 in one year ending 31st December, and £150 in all, exclusive of interest. Deposits will also be received for immediate investment in Government Stock.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny postage stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

3. *Interest.*—Interest at the rate of £2 10s. per cent. per annum (which is at the rate of 6d. in the pound for each year, or at the rate of one halfpenny on each complete pound for each month), is allowed until the sum due to a depositor amounts to £200, when interest ceases. The calculation is made from the first day of the calendar month next following the day on which a complete pound has been deposited or completed, up to the last day of the calendar month preceding the day on which a warrant for repayment is issued. The interest due to each depositor is added to the principal due to him on the 31st December in each year.

4. *Transfers of Deposits.*—Any person may transfer his deposits from a Trustee Savings Bank to the Post Office Savings Bank, or *vice versa*, by obtaining a certificate of transfer, which will be accepted as a deposit of the amount therein set forth. Forms of application for certificates of transfer to a Trustee Savings Bank can be obtained at any Post Office Savings Bank.

5. *Withdrawal of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

6. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

INVESTMENTS AND SALES OF GOVERNMENT STOCK UNDER THE SAVINGS BANKS ACT, 1880.

1. A depositor in the Post Office Savings Bank who desires either to invest a certain sum (not being less than £10) in Government Stock, or to purchase a certain amount of Government Stock (not being less than £10 Stock), must send to the Controller of

the Savings Bank Department, General Post Office, London, together with his deposit book, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Consolidated, Reduced, or New Three per Cent. Stock, or in Two and Three Quarters, or Two and a Half per Cent. Stock.

2. The sum invested must not be less than £10, or the amount of the current price of £10 Stock with the addition of the commission, whichever sum is least. The amount of Stock credited to any one account in any year ending the 31st December (whether any Stock has been previously sold or not) must not exceed £100 Stock; and the whole amount of Stock credited to any one account must not exceed £300 Stock.

3. The commission chargeable on investment, including the receipt of dividends, and on the sale of Stock, is as follows:—

GOVERNMENT INSURANCES AND ANNUITIES.

The Postmaster-General is empowered under the Act 45 and 46 Vict. cap. 51, to insure the lives of persons of either sex for any amount not less than £5 or more than £100. An insurance may be effected by any person not over the age of 65 years and not under the age of 14 years; or, if the amount does not exceed £5, not under the age of 8 years. The Postmaster-General is also empowered under the same Act to grant immediate or deferred annuities for any amount not less than £1 or more than £100 to any person not under the age of five years.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow receives proposals for the insurance of lives and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering the same, as well as every other necessary information, may be obtained on application.

POST OFFICE TELEGRAPHS.

1. The charge for telegrams throughout the United Kingdom is 6d. for the first 12 words, and $\frac{1}{2}$ d. for every additional word. Addresses are charged for.

2. Postage stamps are used for the payment of telegrams, and the public are required to affix the stamps to the message forms just as they are required to affix them to letters.

3. Receipts for the charges on telegrams can be obtained at a cost of 2d. each.

4. The inland telegram forms are of two kinds, namely, the “A 1” form, embossed with a stamp, and the “A” form (given gratis), with no stamp. The “A 1” forms may be purchased singly. They may also be had in books of 20 forms, interleaved, and with a sheet of carbonic paper, price 10s. 2d. per book.

5. When the terminal office, i.e., the office situated nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within one mile, or within the town postal delivery of that office when the delivery extends more than a mile. But when it is not a Head Post Office, the message is delivered free within a limit of one mile only. When the terminal office is a sub-office, and that office is closed, exemption from portage is allowed for one mile only if the telegram is delivered from the Head Office, even though the address of the telegram be within the limits of the town postal delivery.

6. When the addressee resides beyond the free delivery, portage is charged at the rate of 6d. per mile, or part thereof, provided the whole distance does not exceed three miles; but the charge is calculated from the boundary of the district within which no portage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal office, and also beyond the town postal delivery, the charge for portage would be 6d.; if the distance is above two miles and under three, 1s.

7. If the addressee resides at a greater distance than three miles from the terminal office, portage is charged for delivery by mounted messenger at the rate of 1s. per mile, except in Ireland, where the charge usually is 8d. per mile. The charge being reckoned from the Office door.

8. The sender is responsible for the portage, and when the address is not within the free delivery, he must, if practicable, state the distance and pay the portage in advance. When the exact distance is not known, a deposit must be paid. Should the sender undercalculate the charge the deficiency charged on delivery. If the sender pays too much the excess is refunded.

9. If the sender requires his telegram to be forwarded by post or by train from the terminal office he must write the words “by post” or “by train” at the end of the address, and in the latter case must pay the cost or deposit 1s. if the exact cost is not known.

10. A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying along side a wharf, jetty, or pier) to cover any expense incurred in their delivery; any surplus is refunded in the course of a few days.

11. An embossed stamp which has been removed from a spoiled and unused “A 1” form will be accepted in payment of a telegram; but mutilated or defaced stamps will not.

12. The sender should furnish his address to enable the Department to communicate with him, if necessary. When it is not to be telegraphed, it should be written on the back of the form.

13. Telegrams can be repeated at the request of the sender, if he desires to adopt this security against risk of error, by being signalled from office to office. No copy of the telegram is, in such case, given to the sender. The charge for repetition is one half the ordinary tariff; fractions of $\frac{1}{2}$ d. being reckoned as $\frac{1}{2}$ d.

14. Telegrams containing mercantile quotations

and telegrams written in cypher, or according to a preconceived code, should always be repeated.

15. If the receiver of a telegram doubts its accuracy he may have it repeated by depositing half the amount paid for its transmission to him. The money will be refunded if it should turn out that the telegram has been inaccurately transmitted. A fraction of a halfpenny is reckoned as a halfpenny.

16. The cost of a reply not exceeding forty-eight words may be prepaid; and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any Telegraph Office, at any time within two months after the date of the original telegram. If the form be not used it may, within the same period, be sent to the Secretary, General Post Office, and the value of it will be refunded. A reply form, however, need not necessarily be used for the reply, but may be used to prepay any message.

17. Telegrams re-transmitted to a second address are liable, if any additional service is performed, to an additional charge of 6d. if the two addresses are within the same town, but if the addresses are in different towns the full Inland rate is charged for re-direction. In addition to the amount chargeable in each re-transmitted telegram, a fee of £1 1s. per annum is charged for the registration of special instructions as to the re-direction of telegrams after office hours. Removals are registered, when this is specially requested, for a period of one month; and no charge is made for the registration.

18. Persons who wish to avoid sending to a telegraph office, may, without additional charge, post a telegram form inclosed in an envelope, addressed "Telegram Immediate," in a wall or pillar box, or in the letter-box of a Receiving Office or Sub-Post Office. Telegrams so posted are sent on by the next collection to the nearest Telegraph Office, are thence transmitted by wire, and are delivered free of extra charge, provided the proper amounts for the number of words contained in them, and for portage when they have to be delivered beyond the limits of the free delivery, have been prepaid. The period of arrival at the Telegraph Office is regarded as the time of receipt from the public.

19. Most of the Telegraph Offices in the United Kingdom are closed between 8 p.m. and 8 a.m.; and no time is required for transmission between office and office, a telegram if it be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., may not reach its destination until after 8 a.m. on the following day. Postmasters may accept telegrams after the usual hours on payment of certain fees, provided that the terminal office is open, or that the attention of that office can be gained.

20. Telegrams may be handed to rural postmen on their way to telegraph offices.

21. Telegrams in plain language in any European tongue or in Latin are charged for according to the number of words; but all unintelligible words not forming part of any European language or of Latin are charged for at the rate of five letters to a word.

22. No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "non-delivery," "almshouses."

23. The following exceptional names and compound words are charged for as one:—O'Neil, MacDonald, la Rue, Midday, Noonday, Se'night, Cannot, -day, To-morrow, Yesterday, Halfpenny, Twopence,

&c. So, too, are names with the prefix "St.," as St. Pancras.

24. Abbreviations designated by apostrophes (as can't, won't, couldn't, &c.) are counted as one word, but there is a great risk of error.

25. Figures are counted at the rate of five figures to a word. For example, "38563" counts as one word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division—thus, " $\frac{1}{2}$ " counts as one word, " $\frac{3}{4}$ " as one, " $109\frac{7}{8}$ " as two. In groups intended to express time, any bar or stop is counted as a figure: thus, 12-35 counts as one word. The symbols o/o, a/c, b/l, c/o, &c. are each counted as one word. Ordinal numbers are charged in the same way as cardinal, with the addition of one word for the affix st, nd, rd, or th.

26. Where a group of figures is followed by a letter, the letter is counted as a word: thus 104a counts as two words.

27. Initial letters are each counted as one word; but exceptionally the initials of the London Postal Districts are counted as one word for each group. Thus: "S.W." is counted as one word.

28. All names of towns and villages are counted as one word each: thus, "Malvern Wells" counts as one word; but all other names are counted as compound words if composed of more than one word. For example, "Park Lane" counts as two words.

29. When the sender of a telegram desires that special instructions, such as "private," "confidential," "to be opened at once," or the like, shall be written on the envelope of the message, he must write the instructions immediately after the address of the receiver. The instructions are charged for as part of the message.

30. Any person may register an abbreviated or arbitrary address on payment of a registration fee of 1s. a year, dating from the day of registration. The address must consist of not less than two words, one of which is to be the town or place of delivery. Telegrams intended to be delivered to the care of a person who has registered an abbreviated address must have "care of" or "c/o" written before the abbreviated address, thus: "Smith, care of Hercules, London."

31. When telegrams are addressed to a Telegraph Office to be called for, they are kept for two clear days; and if no application be made for them within that time, are sent to the Chief Office, London.

32. Telegrams for the re-direction of letters are accepted at the ordinary rate of charge; but the sender must append his signature to the telegram, otherwise it cannot be acted upon.

33. Telegrams which are indecently or obscenely worded, or which appear to contain libellous or grossly offensive matter, will not be transmitted.

34. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

The Weather, and Forecasts of the Weather.

The latest information as to the weather in any district of the United Kingdom, and forecasts of the weather one day in advance in any district not bordering on the Atlantic, can be obtained by telegram from the Meteorological Office on payment of a fee of 1s. in addition to the cost of a telegram and reply.

The Meteorological Office is open between the hours of 11 a.m. and 8 p.m. on week days, and 6 p.m. and 8 p.m. on Sundays.

PRIVATE WIRES.

1. The Department undertakes to construct and afterwards maintain, upon the payment of an annual rental, a line of private wire between the place of business or residence of a firm or private individual and a Postal Telegraph Office, or between two or more places of business or residences. The advantage of having a private wire laid into a Postal Telegraph Office is that the renter is placed in direct communication with the public wires to all parts of the kingdom or abroad, messages being received from and sent to the Postal Telegraph Office by wire instead of by hand.

2. The Department also undertakes to supply Greenwich mean time by electric current at either ten or one o'clock.

3. All applications or communications in regard to private wires or time signals should be addressed to "The Secretary, General Post Office, London, E.C."

FOREIGN TELEGRAMS.

(Regulations founded upon the International Telegraph Convention.)

1. Foreign telegrams are divided into three classes—ordinary, code, and cypher. Ordinary telegrams are those composed of a series of words, or of words, figures, and letters conveying an intelligible meaning.

2. Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense.

3. Cypher telegrams are those containing series or groups of figures or letters having a secret meaning; or words not to be found in a standard dictionary of the language. The portion in cypher must be composed exclusively of figures or exclusively of letters. Cypher telegrams written in letters are not accepted for Extra-European places, with the exception of places in North America.

4. The address of the receiver must be paid for, and must not consist of less than two words—a name and a town. Example—Hercules, Bombay.

5. The address of the sender is charged for if transmitted; it in any case must be written at the foot of the form.

6. In European telegrams the maximum length allowed for a single word is 15 letters; in Extra-European telegrams, 10 letters—any additional letters being counted and charged for as extra words, at the rate of 15 or 10 letters respectively to the word.

7. Subject to the limit imposed by rule 6, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, or other sign of punctuation, they are counted as so many separate words. Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

8. Every separate letter or figure is charged for as one word, and in European telegrams every group of

five figures or letters is counted as one word, large groups being counted at the rate of five figures a letter to a word, plus one word for any excess. Extra-European telegrams groups of figures or letters (when these are trade marks) are counted at the rate of three to a word, plus one word for any excess. Bars, division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

9. In telegrams for large towns, the name of the street and number of the house in which the address resides should be given; and the addresses should be expressed in French, or in the language of the country to which they are to be sent. When these particulars cannot be given, the profession, trade, or calling of the addressee of the telegram should, if possible, be stated. Telegrams which do not contain this information are forwarded only at the risk of the sender. In telegrams addressed to places of which there are more than one of the same name, the name of the country or state in which the place is situated should be added to the address.

10. Corrections, alterations, or additions to an address can only be made by means of a fresh telegram, which must be paid for at the ordinary rate.

11. Persons residing in the United Kingdom may have an abbreviated or fixed address, or special instructions respecting the hours of delivery of telegrams which they may expect to receive, registered at the chief office of the town in which they reside, upon payment at that office of a registration fee of one guinea per annum.

12. If the sender of a telegram desires to prepay a reply of 10 words, he must insert before the address of the receiver "R P," which is charged for as one word; but if he desires the reply to consist of more or less than 10 words, he must insert the words "R P —," which are charged for as two words more than 30 words cannot be prepaid. In telegrams for Extra-European Countries the sender must always insert the words, "R P —."

13. The sender of a telegram can have it repeated from office to office to the terminal office by payment over and above the charge for the original transmission half that charge in addition. In that case "T" which is charged for as one word, must be inserted immediately before the receiver's address.

14. Repetition is desirable for all code telegrams.

15. On payment of a charge equal to one half inland rate, the sender of a telegram can have it repeated between the office of origin and the office of Great Britain at which it is handed over to the Company.

16. The sender may have a notice of the time at which his telegram was delivered transmitted to him by telegraph by payment of an additional rate for the words. In that case "C R," which is charged for as one word, must be inserted before the receiver's address. In North American telegrams the acknowledgment of receipt is charged for as a five-word message.

17. The receiver of a telegram can, within 24 hours after its delivery, request the Department to order the correction of passages which appear to him to be doubtful. For this purpose he must pay for separate telegrams, viz.:—1. A telegram requesting the repetition, and containing the instruction "I or "R P —," 2. A telegram calculated according to the length of the passage to be repeated, plus

words for the address of the reply. The amount thus paid is refunded, on application being made to the Secretary, General Post Office, if it should prove that the telegram has been inaccurately transmitted.

18. The receiver of a telegram addressed to a place in the United Kingdom may have it repeated from the office at which it was handed over by the Cable Company to the Department on depositing the ordinary inland rate for the part of the telegram of which he requires the repetition; and if it be found that an error has taken place on the lines of this Department, the amount deposited for the repetition will be refunded.

19. When the sender is not quite certain of the exact place at which the receiver of the telegram will be found, he may insert immediately before the address the words "faire suivre" (to follow), which will be charged for as two words, or "F. S." which will be charged for as one word. Telegrams "to follow" are not accepted for Extra-European countries.

20. In telegrams intended to be left until called for at Telegraph Offices or at Post Offices, the words "Poste restante" must be inserted as part of the receiver's address.

21. A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d. must be prepaid for every extra copy to be delivered, if the number of chargeable words does not exceed 100; an additional sum of 5d. being charged for every additional 100 words or part of 100 words. In calculating the charge all the names and addresses are included. Telegrams having multiple addresses are not accepted for North or South America.

22. Under no circumstances is the charge for an unrepeatable telegram, which has been inaccurately transmitted, refunded. The cost of a telegram inaccurately transmitted, of which the repetition to the terminal office has been paid by the sender, is

returned if the telegram was rendered useless. The cost of telegrams which have failed to reach their destination, owing to some error on the part of the telegraph service; and the cost of telegrams which have been delayed beyond two days in the case of European, and beyond six days in the case of Extra-European telegrams, from other causes than an interruption of the telegraphic communication, is returned to the senders. The cost of any telegrams which may have been rendered necessary in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned. The amount paid for a telegram cancelled before transmission is returned, less 6d. If the telegram is cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges which may be due will be returned.

23. Claims for reimbursement should be accompanied—1. In the case of non-delivery, by a written statement from the terminal office, or the addressee, that the telegram has not been received. 2. In the case of error in a telegram of which the sender has prepaid the repetition to the office of destination, or of delay, by the actual message form delivered to the addressee. 3. In the case of error in a telegram of which the receiver has paid the repetition from the office of origin, by the original message form delivered to the addressee, together with the form upon which the repeated telegram is written.

24. No claim for reimbursement for European telegrams will be entertained unless it is made within two months of the date of the original telegram; nor in the case of Extra-European telegrams, unless it is made within six months from the date of the original telegram. Foreign administrations decline to make any inquiry into complaints which do not involve a return of the cost of the telegram within the limits of Rule 22.

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alteration in the course of the current year, and, therefore, the Tables exhibited on the board at the Post Office or the Local Post Office Guide ought to be occasionally consulted.

All Offices at which Money Order and Post Office Savings Banks business is transacted are marked thus, *m*. Postal Telegraph Offices are marked thus, *t*. Railway Companies Stations that collect and deliver telegrams on behalf of the Post Office are marked thus, *r*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, or what is termed a Railway Sub-Office—that is, a Sub-Office which receives its correspondence direct from a Travelling Post Office instead of through a Post Town; and when two are mentioned, the *first* is a Sub-Office, and the *second* the Head Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office; in these cases such Money Order Office is added as a *third* name, for the information of any persons who may wish to remit money to the neighbourhood. All Head Offices are Money Order Offices, but all *Sub-Offices* are not.

Note.—When the time of despatch to a Sub-Office is wanted, the times of despatch to the Head Office should be referred to.

Note.—An Act was passed in 1870 abolishing arrestment of wages, unless the same exceed 20s. per week, but excepting claims for aliment, crown taxes, poor rates, &c., from the operation of the Act.

The "Debtors (Scotland) Act, 1880," abolished imprisonment for debt, with the following exceptions:—(1) Taxes, fines, and penalties due to Her Majesty, and rates and assessments lawfully imposed; (2) sums decreed for aliment; (3) debtors under warrants granted in *meditatione fugae*; (4) Persons against whom decrees *ad factum praestandum* are pronounced.

By the "Civil Imprisonment (Scotland) Act, 1882," the power to imprison for aliment and expenses of process was restricted to imprisonment for a period not exceeding six weeks against debtors who wilfully fail to pay sums due for aliment, and the expenses of process for which decree has been granted; but a new warrant of imprisonment may be issued against the same person at intervals of not less than six months for the same sums of aliment and expenses if not paid, or for any part remaining due. Persons who fail to pay taxes cannot be imprisoned for a longer period than six weeks in respect of the rates of any one year.

BAILLIE'S INSTITUTION

Was founded by Mr. George Baillie, writer in Glasgow, who divested himself in his lifetime of his whole fortune (£18,000), which with its accumulations during twenty-one years from 11th November, 1863, he appointed to be applied to the erection and endowment of an Institution in Glasgow, to be called "Baillie's Institution," having for its objects, 1st, To aid the self-culture of the operative classes by means of free public libraries; and 2nd, The instruction of their children in unsectarian schools. The former of these, however, is alone to be proceeded with, unless there is a sufficiency of funds for both. The Dean, Council, and Clerk of the Faculty of Procurators in Glasgow are perpetual preceptor, patrons, and directors of the institution, which was incorporated by royal charter, dated March 18, 1867. Thomas Stout, 178 St. Vincent Street, chamberlain.

UNITED EVANGELISTIC ASSOCIATION.

This association was formed in 1874, for the purpose of uniting the churches in evangelistic work among the masses. In addition to ordinary evangelistic services, open air preaching, &c, a hall was built in James Morrison Street, at a cost of about 16,000, where a free breakfast is given every Sabbath morning to upwards of 1500 people, gathered from the very poorest; and at 2 o'clock p.m., about 1000 or children receive a Bible lesson and a dinner. Two Day Refuges have been carried on for some years, where children, who are entirely or worse than neglected at home, receive three meals a day, and are otherwise helped in their education. There are also two Homes for Saltpetres, in which neglected or abandoned children are entirely supported. In connection with the children's Sabbath dinner a committee meets every Thursday at 7-30 p.m., in the new hall, James Morrison street, to inquire into the cases of poor children at home from any quarter. Income of the association, for all purposes, from voluntary contributions, about 5000 per annum.

President, J. Campbell White, 7 West George st.; joint-secretaries, John R. Miller, 2 Somerset place, and Robt. Stewart, 116 W. Regent street; treasurer, H. N. Graham, 55 Cathedral street.

Thirty-five Scotch members are pledged to support the Bill which Mr. McLagan, M.P. for Linlithgowshire, has introduced into Parliament, a bill giving the ratepayers of Scotland power to abolish all traffic in intoxicating liquors in their respective burghs, wards of burghs, parishes, and districts when so minded, and the Executive have resolved to give his measure a vigorous and sustained support. To enable them to bring the influence of the Scottish electorate to bear successfully upon the government of the day, and in favour of this Bill of Mr. McLagan, liberal subscriptions to the funds are urgently required, and will be gratefully received at the offices or by the agents. President, Mr. James Robertson, 48 Langside Road. Hon. secretary, Mr. Andrew Drummond, 8 Newhall Terrace. Public services on Sundays at 11.30. and 6.30, when addresses are delivered by trance and normal speakers.

Spiritualists make the claim that intercourse between the two worlds is actual and possible, that the modern phenomena give clear and positive assurance of a continuous and progressive life after the change of death, and reveal in unmistakable fashion that those we held as lost are with us still, and can, under certain conditions, not only make their identity manifest, but can help and cheer. That modern spiritualism with its varied phenomena reveals much that was mysterious regarding spiritual intercourse in all ages, giving the key to the Delphic oracles, the prophetic utterances of an Isaiah or a Jeremiah, no less than those of a Swedenborg, and the outbreak called the "gift of tongues" in the church of Edward Irving. That it is not any special revelation given to a sect, but a new knowledge of natural phenomena which will throw light on the realm of soul. Some of the noblest of living minds in all ranks of literature and science have declared that it has completely dissipated their materialism, and made clear and palpable the "future life." Resident speakers and mediums, Mr. and Mrs. E. W. Wallis, 50 Langside Rd.

For sixty-three years this Society has been seeking the welfare of all the sailors who visit the port of Glasgow. The agents of the Society meet vessels on their arrival, and direct the sailors to respectable lodgings; attend at the pay office and try to get the men to bank their money; invite the sailors to the social and religious meetings conducted by the Society, and correspond with seamen on long voyages. Libraries are placed on board out-going vessels, and bags of illustrated periodicals, scrap books, &c., of an interesting character, are regularly supplied. The Seamen's Institute, 146 Broomielaw, is free to all sailors—in 1885 104,925 sailors took advantage of it—where the daily papers, books, games, &c., are provided all free; and 3202 letters were written by the men. A daily prayer meeting is held there at 11.15 a.m. On the South Side the free reading and recreation rooms in Eaglesham street, Govan road, have been largely used; during 1885 68,062 visits were made to them by seamen. Every facility is provided for the sailor spending his time happily when on shore.

At the Seamen's Chapel, 9 Brown street, five services are held every week, the Saturday night one being a social free tea meeting; and at the Seamen's Bethel, Eaglesham st., Govan rd., six services are held weekly, the Saturday night one being also a social free tea meeting. Seats are all free, and books provided for the sailors.

A new Seamen's Institute, free reading, recreation, and coffee rooms are in course of erection at 200 Broomielaw, at a total cost of £6500. Donations are earnestly asked for this special effort.

Seamen's families are all regularly visited, and the widows of seamen who have been left unprovided for by their husbands—and in many cases with large families—are helped by money, clothing, work, &c., while a large number of orphan children are educated at the cost of the society.

Eight agents are constantly employed, assisted by a band of voluntary workers.

The expenditure of the Society this year will be about £1500. There is no endowment, but it is entirely supported by voluntary contributions. Help is earnestly solicited.

Donations or legacies to be sent to the hon. treas., R. H. Hunter, 27 Jamaica street.

RAILWAY BENEVOLENT INSTITUTION, FOR THE RELIEF OF RAILWAY OFFICERS AND SERVANTS, THEIR ORPHANS, WIDOWS, AND CHILDREN, WHEN IN DISTRESSED CIRCUMSTANCES.

INSTITUTED MAY, 1858.

The *Scottish Branch* is under the *special patronage* of Her Most Gracious Majesty the Queen, and in December, 1884, Her Majesty sent a donation of Fifty Pounds to the fund in Scotland. Scotch branch office, St. Enoch Station, Glasgow. Committee of management in Scotland—Chairman, W. J. Wainwright, Esq., Glasgow & South-Western Railway; Archd. Gibson, Esq., Caledonian Railway, Geo. K. Ellis, Esq., Highland Railway, Geo. Cunningham, Esq., North British Railway, Irvine Kempt, Esq., Caledonian Railway, John Mathieson, Esq., Glasgow & South-Western Railway, William Moffatt, Esq., Great North of Scotland Railway, John Morton, Esq., Glasgow & South-Western Railway, D. McDougall, Esq., North British Railway, Jas. McLaren, Esq., North British Railway, Thomas Robertson, Esq., Highland Railway, J. S. Stuart, Esq., Great North of Scotland Railway, James Thompson, Esq., Caledonian Railway, John Walker, Esq., North British Railway; bankers, National Bank of Scotland (St. Enoch Square branch).

This institution affords a channel for those who sympathize with railway servants through which to help them in the time of need, and the extent of its sphere of usefulness depends in a great measure upon public support. It has been established to provide for the necessitous members, orphans, children, and widows of the railway officers and servants in the United Kingdom. Its object is to clothe, maintain, and educate orphan children, and to grant relief by annuities and money allowances to members who, from old age, disease, or accident, may be unable any longer to obtain a livelihood, and to the widows of those who may be left in distressed circumstances. Railway officers subscribe 10s. 6d. per annum, railway servants 8s. per annum, to constitute them members, or they may subscribe 2s. per annum to the orphanage only. One moiety of the funds contributed by the public is apportioned between an officers' department and a servants' department in proportion to the amount the members severally subscribe; the other moiety of the donations is applicable to a special benevolent fund for relieving distress amongst officers or servants, whether members of the institution or not, and the widows and orphans of men killed in the performance of their duty. The sum set apart for the orphans of officers is appropriated to their maintenance and education in private establishments selected by their friends and approved by the board of management. Should the funds be insufficient to provide pensions or school benefits for all qualified applicants, there is an election by ballot, and the election of annuitants and orphans is vested in the subscribers, who have also the privilege of recommending cases for gratuities out of the special benevolent fund. In dispensing relief the rules of the institution provide that "the most necessitous must at all times be first relieved."

Donations and subscriptions.—A donation of £105 in one sum, or in payments of not less than £10 10s. each, constitutes the donor a patron or patroness for life, with the privilege of fifteen votes. A donation of £52 10s. in one sum, or in payments of not less than £10 10s. each, constitutes the donor a vice-president for life, with the privilege of six votes. A donation of

£10 10s. constitutes the donor a life subscriber, with the privilege of one vote. A yearly payment of £1 1s. (or in quarterly or half-yearly instalments) constitutes a subscriber, with the privilege of two votes. An annual subscription of 10s. 6d. constitutes a subscriber, with one vote. Any three donors or subscribers may also recommend applicants qualified for relief from the special benevolent fund.

Appeal.—The *Scotch committee* of management respectfully and earnestly appeals for aid to the shareholders of railways individually, as specially interested in those upon whom devolve the executive duties in their railway establishments, and to the benevolent of all classes, who are either directly or indirectly benefited by the services of a numerous, well-disciplined, and laborious class of public servants. Donations and subscriptions will be gratefully received and duly acknowledged by the *secretary for Scotland, David Cooper, St. Enoch Station, Glasgow.*

The aim of the Society is to provide warm clothing for the poor fever patients when about to be dismissed from the comforts of the hospitals to their own homes. In too many cases their original clothing is scanty and utterly insufficient to protect even a vigorous person from the cold. But for the aid of the society they would, when divested of the warm suits provided for use within the hospital, be sent out in tattered garments, as well as with enfeebled bodies, almost certainly to the permanent injury of their health. The utmost care is taken that the articles are given to the needy and deserving only. There is no convalescent home for poor fever patients.

LIFE ASSURANCE.

The last VALUATION of the Life business was made at 31st December, 1884, and showed a Realized SURPLUS OF PROFIT of £300,000.

The ordinary Policies now being issued under the Company's EARLY BONUS Scheme received a BONUS ADDITION at the Rate of £2 for each £100 assured in respect of each Year for which they were entitled to rank for Bonus. Such Policies, after Three Years, are Indisputable, World-wide, and not liable to Extinction on Non-payment of Premiums, subject to the Conditions explained in the Prospectus.

A large Balance of Profits was carried forward both under this and under the

SPECIAL BONUS SCHEME,

under which Policies issued at Non-profit Rates receive in the first place in effect an immediate and considerable Bonus, owing to the largeness of the sum which can be assured at a small rate, and afterwards share in the Profits after their Premiums, accumulated at 4 per cent. Compound Interest, amount to the sum assured.

FIRE INSURANCE.

Property of almost every description Insured at Moderate Premiums, and with absolute Security. Settlement of Claims Prompt and Liberal.

Prospectuses and every information can be had at the Branch Offices, or at any of the Agencies of the Company.

THIS SOCIETY DIFFERS IN ITS PRINCIPLES FROM OTHER OFFICES.

INSTEAD of charging rates higher than are necessary, and afterwards returning the excess in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those who live long enough to secure the Common Fund from loss.

A Policy for £1200 to £1250 may thus at most ages be had for the Premium usually charged for £1000 only; while, by RESERVING the Surplus, large Additions may be looked for on the Policies of those who participate. At last Investigation Policies for £1000 sharing a first time were increased to sums ranging from £1170 to £1300. Other Policies were raised to £1400, £1700, and upwards.

ITS TERMS are thus specially adapted to the case of Provisions in Family Settlements, or otherwise, where it is of importance to secure, for the smallest present outlay, a competent provision of definite amount in the case of early death.

Annual Premium for £100 at Death (with Profits).

AGE.	25	30	35	40	45	50

21 PAYMENTS.	2 12 6	2 15 4	3 0 2	3 7 5†	3 17 6	4 12 1

* A person of 30 may thus secure **£1000** at Death by a yearly payment, *during life*, of £20 15s., which would generally secure elsewhere about **£300** only.

† At age 40, the Premium *ceasing at age 60*, is for £1000 £33 14s. 2d.—being about the same as most Offices require to be paid during the whole term of life.

The New Business has, for several years, exceeded a Million annually.

The EXPENSES of MANAGEMENT (under 9 per cent. on Premiums, and under 6 per cent. on Total Income) are greatly under those of any Institution doing a large amount of New Business.

The Realized Funds now exceed £5,300,000.

Only two Offices in the Kingdom (both much older) have as large a Fund.

Full STATEMENTS of PRINCIPLES will be found in the ANNUAL REPORTS, which may be had on application.

BONDS are granted whereby the Company undertakes to make good loss by reason of the fraud or dishonesty of persons receiving or holding money, or securities for money, or entrusted with property of any kind (such as Receivers in Chancery or Bankruptcy, Managers, secretaries, Collectors, Clerks, and Travellers).

The guarantees of Companies are now universally accepted in preference to private security. They have for some years been tested by Her Majesty's Government, the largest Railways, and other Public Bodies, and found to be immeasurably superior in every way to those of private undertakings. A Company's guarantee relieves the employed from the necessity of placing himself under any obligation to his friends, and can be obtained, as a matter of course, by anyone having good character, while it gives to the employer absolute security and the greatest facility for recovering any loss he may incur.

The Premiums vary according to the nature of the situation and the duties to be performed. Length of service, position, and means are all matters taken into consideration in affixing the premium to be paid.

GOVERNMENT BONDS.

Bonds of this Company are granted to and accepted by the various departments of Her Majesty's Government at Home and in the Colonies, and by the Law Courts in England and Ireland, for Receivers, Liquidators, and as Security for Costs.

All profits divided among policyholders. Policies indisputable after three years from their date.

THIS Society has for some years done the largest business of any office in the world, and has introduced a new form of Life Assurance, known as the **NON-FORFEITING TONTINE** or **SEMI-TONTINE POLICY**. On this plan the profits are divided at stated periods, viz., TEN, FIFTEEN, or TWENTY YEARS, which must be determined upon at time of entry. When the Assured's TONTINE period has arrived he becomes entitled to his share of the Accumulated Profits, and he is then given one of the following options:—

First.—To take the cash value of his Policy.

Second.—To take a paid-up non-participating Policy for an equivalent of its cash value.

Third.—A yearly increasing annuity and the original sum at death to his heirs.

The following Table gives the results, as estimated, of a 20-year Policy taken out on the Tontine Savings' Fund plan of Assurance:—

SUM ASSURED, £1000.

ESTIMATED RESULTS AT THE END OF 20 YEARS.

Age.	Annual Premium.	Total Premiums Paid.	Cash Value of Policy.	Equivalent Value in Paid-up Policy.	Annuity for Life and £1000 at Death.
25	£19 17 6	£397 10 0	£533 0 0	£1290 0 0	£8 14 8

45	37 19 2	759 3 4	1190 0 0	1810 0 0	67 13 5

This Policy is *Non-Forfeiting*, i.e., it has a Surrender value in Paid-up Assurance after its third year.

Prospectuses, giving results of Tontine experience, Forms of Proposals, and any other information, may be obtained on application to any of the Society's Agents, or from

SUN LIFE OFFICE,

The "**SUN**," in addition to its large invested Capital, its antiquity and high character, offers special advantages to life assurers, amongst which should be noted its **Low Premiums**, especially for young lives.

Large Bonuses, with options at each division, without reference to health.

Liberality in Settlement of Claims, which are payable immediately on proof.

Assurances of Every Description can be effected in accordance with the most approved modern practice.

INTENDING ASSURERS

Would do well to note the large Bonuses which this Society, by its surplus wealth, is able to distribute. The **Actual Cash** apportioned at last division averaged

A Return of £34 in every £100 Paid in Premiums,

thereby reducing the cost of Life Assurance to a Minimum.

INTENDING INVESTORS

Are invited to give their Special Attention to the Society's New Scheme of

INVESTMENT POLICIES.

This kind of Assurance, while yielding striking advantages to the Investor, affords a most tangible and readily negotiable form of security, and is without parallel amongst the current schemes of Life Assurance.

They cannot lapse.—They cannot become void.—They cannot be forfeited.

3. **After Three years a Policy is not declared void for mere omission to pay a Premium.** The Surrender-value being more than the Premium, the Policy is held in force until the next renewal date, subject to payment of the Premium, with a small charge in addition.

WESTERN INFIRMARY

OF

GLASGOW.

(For list of Managers, Medical Officers, and other particulars, see page 125 in the Appendix).

STATEMENT AND APPEAL.

I. The Western Infirmary was opened in the beginning of November, 1874, with 200 beds, but by the munificence of the late Mr. John Freeland of Nice, the accommodation was increased to 400 beds at a cost of £40,000. The new addition was opened in 1881, and was at once made available to the public.

II. During the year (ending 31st October, 1885) 24,034 out, and 3215 in-door patients were treated, showing a total increase of 1771 as compared with the preceding twelve months.

The Freeland addition to the Infirmary being now *fully* occupied, it is estimated that the cost of maintenance during the current year will be from £19,000 to £20,000; and as the ordinary income from all sources last year was under £14,000, the necessity for new and increased support will readily be seen. The liberal spirit, however, in which all classes of the community have hitherto supported the Institution gives the Managers confidence in believing that the appeal which they now make will meet with a prompt and generous response.

III. The Managers take the liberty of drawing attention to the subjoined Form of Bequest, in the hope that from this source they may be enabled gradually to accumulate a special fund from the investment of which, in so far as it is not required for contingencies, a considerable supplementary revenue may in time be derived.

FORM OF BEQUEST TO THE WESTERN INFIRMARY.

I, _____ of _____ do hereby leave to the WESTERN INFIRMARY OF GLASGOW, free of legacy duty and charges, a Legacy of * _____ pounds sterling, which I authorise and direct my Executors to pay to the Treasurer or Secretary thereof for the use being, upon his receipt, which shall be a sufficient discharge.

Dated at Glasgow, this * _____ day of _____ Eighteen Hundred and _____ years.

(Testator's Signature).

* Sum and Date to be expressed in words, not in figures.

Funds are required and earnestly solicited for the upkeep of the Infirmary; all Annual Contributions and Donations sent to the Subscribers will be thankfully received and duly acknowledged.

A. B. McGRIGOR, LL.D., Hon. Treasurer.

GLASGOW ROYAL INFIRMARY.

THIS Institution has now been in existence for nearly a Century. It has accommodation for 550 Patients, and the Wards are generally full.

Though managed on the strictest economic principles, the Ordinary Expenditure of last year was nearly £25,000; while the Ordinary Income was little over £18,000.

During the past year the liberality of the general public was much better sustained than could have been anticipated, considering the extreme dulness of the times; but, while grateful for the generosity that has been displayed, the Managers regret that, after using up all the Legacies received during the year, nearly £4000 had to be withdrawn from Capital to meet the deficiency.

In these circumstances, it is earnestly hoped that the friends of the Institution will give its claims a fresh consideration, and that those who have hitherto held aloof will esteem it a privilege to contribute something towards its support.

In 1885, upwards of 30,000 cases were treated at the Dispensary, while about 5000 Patients received treatment in the Wards.

Copies of the Annual Report, which gives full particulars, will be gladly sent on application; and Contributions will be thankfully received and acknowledged by

WORKS OF REFERENCE FOR THE COUNTING-HOUSE.

A NEW HIGH-CLASS ATLAS, Constructed and Engraved by JOHN BARTHOLOMEW, F.R.G.S., from the best and latest authorities, embracing the most recent Discoveries and Changes in Boundaries, and finely Printed in Colours, entitled "THE INTERNATIONAL ATLAS AND GEOGRAPHY, Modern, Historical, Classical, and Physical, consisting of 130 Maps, with Illustrated and Descriptive Letterpress, by JAMES BRYCE, LL.D., WILLIAM F. COLLIER, LL.D., and LEONHARD SCHMITZ, LL.D., and Indices containing upwards of 50,000 names. Imperial Folio, Half-bound Morocco extra, Gilt Edges, £3 3s.

"For all purposes of ready reference, as well as for study, the work will be found exceedingly useful. As a test of the careful revision by which the work has been brought down to date, the map of Turkey in Europe may be examined; and it will be seen that all recent political alterations and settlements of boundary are plainly shown, so that Turkey is here seen as she now exists."—*Daily Telegraph*.

"Although maps of several parts of the world quickly become obsolete, it is not often that an entirely new atlas appears, probably on account of the great expense involved in its preparation. When, therefore, a work of this kind is undertaken, it may be expected to justify its existence by fulness of information and excellence of workmanship. The atlas before us may be said to withstand the test here indicated. The 'International Atlas' seems likely to achieve considerable success."—*Times*.

"A very handsome and convenient atlas, containing 130 singularly clear maps, with careful indices, and an excellent preliminary sketch of physical geography, by Dr. James Bryce. The maps include large and good maps of the great colonies, and the different divisions of the United States; maps of India, as divided by Presidencies; a separate map of Burmah, and another of Japan; and, in short, just those additional maps for which one is always searching. The atlas also contains fourteen maps of classical geography and sixteen of historical geography, of which one, illustrating the rise of the British Empire in India, is quite new to us."—*Spectator*.

IMPORTANT GEOGRAPHICAL WORK. By the late Dr. JAMES BRYCE, M.A., F.R.S.E., and the late KEITH JOHNSTON, F.R.G.S., entitled THE LIBRARY GAZETTEER OF THE WORLD, forming a Cyclopædia of Geography, Descriptive, Physical, Political, and Historical. New Edition, thoroughly Revised and greatly Enlarged, with Woodcut Illustrations. In Royal 8vo., Cloth, 15s. Extract from Keith Johnston's Preface:—

"The present edition may be said to be altogether a new work, the number of places described has been more than doubled. I have spared no pains to ensure accuracy by allowing no statement or measurement to pass without verification or comparison of authorities in its support. In this I have had throughout the able assistance of Mr. TURNER, of the ROYAL GEOGRAPHICAL SOCIETY. Many of the longer articles have been written by students or travellers who have special knowledge of particular subjects or countries, and amongst the names of contributors will be found Dr. Carpenter, Dr. Brown, Dr. George Smith, Mr. Ravenstein, and Dr. James Bryce, author of the 'Holy Roman Empire.'"

THE LIBRARY DICTIONARY of the ENGLISH LANGUAGE.

Etymological, Derivative, Explanatory, Pronouncing, and Synonymous. Founded on the labours of JOHNSON, WALKER, WEBSTER, WORCESTER, &c.; with an Appendix.

Illustrated by 1000 Engravings on Wood, medium 8vo, half-bound calf 15s.; full bound Welsh lamb 15s.; extra cloth, £0 10 6

"This 'Library Dictionary' is the best work of the kind which we as yet possess."—*Morning Post*.

"Its definitions of words common and uncommon are full and precise, and to the body of the work are added very compact vocabularies of foreign words and phrases, Scottish words, abbreviations, and much else that is welcome and not often to be met with."—*Examiner*.

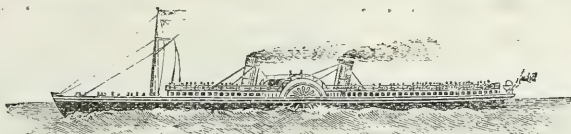

"It is the cheapest of the complete dictionaries of the day."—*Educational Reporter*.

GRAIN AND GENERAL GRINDING MILLS; AND COFFEE ROASTING WORKS.

DAVID MINTO & SONS,
GRAME STREET.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well-known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Messrs. MINTO'S Works, Grame Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

THE "EJECTOR-CONDENSER."

MORTON'S

PATENTS.

The "EJECTOR-CONDENSER" produces a full vacuum without an Air Pump, in all kinds of Steam Engines, Steam Pumps, and Sugar Pans. When applied to Non-Condensing Engines, it gives a saving of 25 to 50 per cent. of Steam, or an equivalent increase of power. For Winding Engines it is the only safe Condenser in use, as the vacuum is constant, whether the engines are at rest or in motion, and many are working with great success. These apparatus, from their saving in Steam alone, very soon repay their own cost.

THE FIXED DOUBLE NOZZLE AUTOMATIC INJECTORS feed Water of high temperature into Steam Boilers. These Injectors and the WATER LIFTERS are the most simple and efficient apparatus in use for raising and forcing water. *Full information and prices on application.*
